

Fantasy Football Advice

Andrew Walker

Fantasy football is a game where participants draft imaginary teams of real-life football players and score points based on their actual on-field performances.

According to a survey conducted by [LendEDU](#), on average, fantasy football players spend \$287 each season and just under 8 hours a week on their teams.

Goal was to create an application that provides tailored fantasy football advice to Sleeper users.

Provides start/sit recommendations and trade advice based on specific league settings, Sleeper projections, and consensus rankings of experts from [FantasyPros](#).
